LOCAL EXECUTIVE AGAIN SELECTED AS NEOCON® JUDGE

Virginia Beach, VA (June 6, 2007) – Doreen Fentress, Vice President and Technical Director of Facilities for Quality Technical Services, Inc., of Virginia Beach, was once again honored by being selected to sit as a National Juror for *NeoCon*, the premier trade show in the furniture design industry. Since 2003, Ms. Fentress has been asked to participate several times in this capacity – one of only 50 experts selected to judge innovations in furniture design (“*Best of NeoCon*” New Design Competition).

With over 25 years in facilities consulting, Doreen’s background focuses on program and project management, interior design, systems furniture, construction knowledge and renovations. Ms. Fentress specializes in complex construction/renovation projects with complex logistical requirements, including accurate telephone, electrical and computer technology configuration.

Ms. Fentress has marketed, designed and project managed several million square feet of commercial and government facilities nationwide over the past 15 years. Major projects have included corporate headquarters, health care facilities, hotel and conference centers, as well as municipal, state and federal projects throughout the United States.

In addition to *NeoCon*’s ongoing recognition of her expertise, Ms. Fentress and QTS have recently been honored with the following awards/appointments:

- International Interior Design Association (IIDA) National Facilities Planning & Design Forum – *Current Task Force, Facility Management*
- Salvation Army Women’s Auxiliary of Hampton Roads – *Past President, Current Advisory Board Member*
- International Facilities Management Association (IFMA) Council of Facility Consultants
- Women in Business Achievement Award (Inside Business Magazine) – 2005, 2003
- One of Virginia’s Fantastic 50 Businesses of the Year – 2003.
